

Module: 2. The Magic of Nature

Task: Solving problems

Look at what the children are doing. Discuss with your friend and give them some advice using 'ought to'. The words in the boxes may help you.

do eat go
look pack sleep
study take watch

dentist meat rest
revision school bag timetable
TV vegetables

Suggested answers:

1.

James ought to eat less
meat and more vegetables
_____.

2.

Fred ought to take more rest at
home
_____.

3.

Ethan ought to go to the dentist.

_____.

4.

May

May ought to watch less TV and
sleep earlier at night.

5.

Tracy

Tracy ought to do more revision and
study harder.

6.

Ben

Ben ought to look at his timetable
carefully and pack his school bag
every day.

Now, write two of your problems. Share with your friend and ask for his/her advice. Then, listen to his/her problems and give advice in return using 'ought to'.

(Students' own answers)

Problem 1:

I always get sick easily.

Your friend's advice

You ought to eat more healthy food and do more exercise every day.

Problem 2:

My English is not good and I always
cannot understand what my English
teacher says.

Your friend's advice

You ought to ask your English teacher for help more often and read
more English books.
